Criteria for initial entry to the register

To be added to the register, an applicant must meet the criteria set out in our Registration and Renewal Policy, which can be found on our [documents page](#) and the key points from which are summarised below:

- be a case manager, case manager in training (see annex 2 of the Registration and Renewal Policy) or work within the field of case management in a broader role such as supervision, management, teaching, or research.
 - work in the UK.
- be at or above the competent level of proficiency as set out in the Competency Framework for Case Managers.
 - practice in line with IRCM's Standards of Proficiency for Case Managers.
- be a member of one or more of British Association of Brain Injury and Complex Case Management (BABICM), Case Management Society UK (CMSUK) and Vocational Rehabilitation Association (VRA) (this requirement will be for a limited initial period only); and
 - meet the criteria set out in at least one of the routes shown in annex 1 of the Registration and Renewal Policy. That is, have a minimum of 2 years of qualifying experience as a case manager or case manager in training and a further 2

years of qualifying experience as a case manager or case manager in training or in an eligible regulated or registered health and social care profession.

As part of applying for registration, applicants must complete declarations of health and good character, including a declaration regarding their fitness to practise and a disclosure of cautions and convictions.
